

General Motors and ACDelco are strong supporters of future automotive technicians via NATEF-accredited secondary and post-secondary schools. ACDelco is proud to announce an online training program available to all **NATEF-accredited** high school and college instructors and students.

Instructors will have access to over 100 ACDelco web-based training courses. Students will be given access to 23 technical and business web-based training courses.

As an Instructor, to register contact the ACDelco Aftermarket Training Help Desk between 8AM and 5PM EST at 1.800.825.5886, select Prompt 1. Please have your organization's six-digit NATEF Program ID number available. You may also submit your request or inquire by email at ACDelco Training Help Desk at acdelcotraininghelp@trainingsupportadmin.com.

Instructors must register their participation in the program prior to enrolling students.
